

Hunt Middle School

Afterschool Programs and Clubs

2023-2024

Hello HMS Families!

Thank you for your interest in the HMS Afterschool Program! Afterschool Clubs and Activities at HMS **begin on September 7th** and meet on select school days from dismissal until 5:00pm. Below is a list of clubs and activities available to all **registered** participants.

Important Information:

- Students must check in to their afterschool club space between 3:00-3:15. Students may leave their activity early, but need to leave or be picked up by 5:00PM.
- Parents and Guardians, if you arrive early, please do not enter the building to pick up your student! Please call or text (802) 316-1454 to let the Program Coordinator know you have arrived, and your student will meet you outside the main entrance.
- Students may only attend in-person activities if they were in school in person that day.
- Students may not leave the HMS campus between dismissal and afterschool. Anyone who leaves campus will not be allowed to come to afterschool that day.

A parent or guardian must register their student(s) in order to participate in afterschool activities. Please contact Sarah Poutree at spoutree@saraholbrookcc.org if you need assistance with registration!

Supper is provided every day free of charge!

Registration

Questions? Contact Program Coordinator Sarah Poutree at spoutree@saraholbrookcc.org or text/call 802-316-1454.

September Programs and Clubs

Sports Club: Get active with your friends and participate in various sports inside and outside! (Tuesdays 3pm - 5pm)

Art Club: Explore different artistic mediums and styles in a relaxed setting! (Mondays and Thursdays 3pm-5pm)

Drama Club: Read scripts, play improv games, and learn new tips and tricks to improve and practice your acting skills!

Note: This club requires consistent attendance.

(Mondays and Tuesdays 3pm - 5pm)

Games Club: Come relax and enjoy playing your favorite board games with your friends! (Wednesdays 2pm-4pm)

Paddle Boarding: Off-site programming at the Surf Club! Come practice your paddle boarding skills or learn for the first time. Transportation is provided. (Thursdays 3pm-5:30pm)

Survival Club: Participants will learn how to be ready for and survive any disaster. They will learn how to adapt to situations in the moment and be ready for whatever life may bring. (Fridays 3pm - 5pm)

Linking Engineering to Life (LEL): Explore the field of STEM with us! A program aimed specifically at middle school girls and non-binary youth who have historically been underrepresented in STEM fields. (Fridays 3pm-5pm starting Sept 29th)
